### Orchestral Players Wanted!

Kingston Philharmonia is an established local amateur orchestra, regularly giving about four concerts per year, usually in Kingston Parish Church. The repertoire is generally taken from the major orchestral and symphonic pieces, frequently with well-known professional soloists. There are about 40 members at present. Rehearsals are on Friday evenings.

We would very much like to hear from players of any orchestral instruments, especially **brass** and **strings** especially **double basses**. We aim for high standards but there is no formal requirement, so why not come along one Friday and see how you get on?

Please get in touch with Hilary Willis on
